**Subject:** CES: Sampling of Dana Frac Tanks  
**Date:** Friday, November 07, 2014 8:07:14 PM

---

**Beth:**

**I need a complete list of analytes for the sampling of the Dana Frac Tanks as I think we need to go ahead and do those. Please get this to me Monday so that we can discuss and I can get Weston to do this early next week. You have some visuals of the materials that I sent to you. We need a scheme and analytes.**

**Daniel:**

**You may want to get some assistance from Patrick on this and charge to the Assessment TDD.**

**Thanks**

**Gary Moore**
